

The SYC has entered the next phase of communications technology. We have sent the message board to Davy's locker (due to lack of use) and have replaced it with a Facebook account.

If you've already joined Facebook, just click the icon above to log in. "Like" our page and you can add comments, join a discussion or create one of your own!

If you don't have a Facebook account, you can still visit our page, but think about joining so you can actively participate in the discussions.

Facebook is a fun way to communicate with family, friends and fellow SYC members!
